

Networking Systems Administration Department
Business/Public Service Division
GREENVILLE TECHNICAL COLLEGE

COURSE SYLLABUS

Course Title: Internet and Firewall Security

Course Number: IST 266

Lecture hours per week: 3.0

Lab/Clinic Hours:

Semester credit hours: 3.0

Prerequisites: IST 220

Catalog Course Description: This course is an introduction to firewalls and other network security components that can work together to create an in-depth defensive perimeter around a Local Area Network (LAN).

Purpose of the Course: This course will provide students with a solid foundation in network security fundamentals with a primary emphasis on intrusion detection, security policy development, implementing Network Address Translation (NAT), packet filtering and installing firewalls, and Virtual Network (VPNs).

Required text(s) and other materials:

1. Security + Guide to Network Security Fundamentals, Second Edition; Mark Ciampa; Course Technology, ISBN: 0-619-21566-6. *This book is used for both online and traditional courses.*
2. **NOTE:** Students in traditional classes must access Blackboard for course-related information. Students in hybrid and online classes will access their online content through Blackboard.

COLLEGE-WIDE STUDENT LEARNING OUTCOMES

1. Communication – Students will demonstrate the ability to use active reading and listening skills and to produce effective written and oral communication for varying audiences.
2. Information Technology and Technological Literacy – Students will demonstrate competency in using computer technology within a field of study.
3. Critical Thinking/Reasoning – Students will demonstrate the ability to apply the scientific method, mathematical processes, and research skills to analyze and solve problems/issues by using reflection and reasoning to justify conclusions.
4. Professional and Personal Responsibility – Students will demonstrate the ability to exhibit conduct, attitudes, and etiquette appropriate to the student’s community and chosen career. Students will demonstrate the ability to manage time, to use effective interpersonal skills, and to display responsible behavior.

5. Diversity – Students will demonstrate the ability to recognize diversity and to demonstrate respectful conduct and attitudes toward all. Students will demonstrate the ability to explain how global issues impact life, work, and opportunities.

Approved March 26, 2009

| NETWORKING SYSTEMS ADMINISTRATION PROGRAM STUDENT LEARNING OUTCOMES |
|--|

Upon successful completion of the Network Administration program, the graduate will be able to:

1. Set up, maintain, and troubleshoot computer and network hardware.
2. Install, maintain, and troubleshoot operating system and application software.
3. Construct and configure local area networks according to specification.
4. Administer and troubleshoot network operating systems.
5. Design and develop programming solutions to prescribed problems

Approved August 2009

|--------------------------------|
| IST 266 COURSE OUTCOMES |
|--------------------------------|

Students who successfully complete this course will have demonstrated a level of correct answers on the course assessment(s) that will be at least 80percent for 80 percent of the course outcomes.

1. The student will be able to identify general security concepts such as access controls, authentication, security attacks, malicious code, social engineering, and auditing.
2. The student will be able to identify the different methods used to provide authentication in a network environment.
3. The student will be able to identify the security devices used to secure a network.
4. The student will be able to identify the steps necessary to implement security in a network environment.
5. The student will be able to identify the components that make up a network security infrastructure. The outcomes of the IST 266 course are intended to meet the Network Administration program outcomes numbered 2, 3, and 4 above.

| |
|---|
| IST 266 – EVALUATION AND GRADING INFORMATION |
|---|

Grades for this course will be calculated as follows:

| | |
|--------------------------|------------|
| Major Tests | 60 percent |
| Attendance/Homework/Labs | 20 percent |
| Final Exam | 20 percent |

NOTE: ALL GRADED TESTS AND EXAMS ARE RETAINED BY THE INSTRUCTOR.

Final letter grades will be issued as follows:

| | | | |
|---|---|----------|--------|
| A | = | 90 - 100 | points |
| B | = | 80 - 89 | points |
| C | = | 70 - 79 | points |
| D | = | 60 - 69 | points |
| F | = | 0 - 59 | points |

READ THIS SYLLABUS CAREFULLY

You should read this syllabus carefully and ask your instructor about *any* aspects that you do not understand. The syllabus is an agreement between you and your instructor concerning course objectives, course content, grading, and other policies and procedures particular to this course. The above information is specific to the course. Three additional documents are provided as attachments and *are considered a part of this syllabus*:

Attachment 1:

Each instructor will provide a supplement to this syllabus. The supplement will include: a week-by-week plan of instruction based on the section in which you are enrolled; your instructor’s name, office hours and/or office location; and your instructor’s contact information and recommended best methods to contact your instructor.

Attachment 2:

The Department responsible for developing and teaching has policies and procedures in place to assure quality instruction for all students. These are attached as “Departmental Policies and Procedures.”

Attachment 3:

Please note that it is your responsibility to read the current Student Handbook included in Greenville Technical College’s Catalog. (See website.) The Student Handbook addresses specific academic and student conduct policies and procedures. Excerpts from the Student Handbook representing the policies and procedures most often referred to in working with students are provided for your convenience as “Attachment 3.”
